

## Help shape the future of early years and child care services in Kingston and Frontenac County!

The City of Kingston provides direction and oversees Child Care and EarlyON programming in Kingston and Frontenac. As the child care and early years' service system manager, the City plays an important role in getting in-depth knowledge about community needs, identifying and addressing service gaps, supporting collaboration among services, and ensuring that child care is accessible, responsive, affordable, and high quality.

The City of Kingston is creating an early years and child care programs and service plan for Kingston and Frontenac and we need your help in building this plan!

Your participation in this survey will provide valuable information to ensure that child care services are delivered in the most efficient way to meet the needs of young children, their parents, and their caregivers in the City of Kingston and County of Frontenac.

This survey will be open **until June 7** and we encourage you to share it with your friends and families. Complete it for a chance to win a prize!
