Procedures for Meeting Accommodation Needs of Employees (in accordance with Ontario Regulation 429/07, sections 27 and 28)

Guidelines and Responsibilities

Community Living Kingston and District

It is the responsibility of the employer to ensure that every reasonable effort is taken to accommodate employees on an individual basis due to an employee's disability, including:

- Developing an Individual Accommodation Plan in accordance with the documented restrictions/limitations of the employee.
- Requesting that the employee be evaluated by an outside medical agency or physician, at the employer's expense, to assist in determining accommodation.

- Meet with the employee (and, as applicable, requested Union representatives) and relevant supervisors to discuss and develop the plan.
- Provide the Individual Accommodation Plan in a format that considers the accessibility needs of the employee.
- Ensure that all information collected during the development of the plan will remain confidential unless written consent is obtained from the employee. This recognizes, however, that the employee's direct supervisor(s) must be aware of the contents of the Individual Accommodation Plan.
- Review the Individual Accommodation Plan with the employee and their supervisor(s) on an annual basis.
- Monitor and evaluate the Individual Accommodation Plan once implemented.

Employee

- Notify their Manager of the request for an Individual Accommodation Plan.
- Participate in the development of the plan with the Manager(s) and supervisor(s)
- Provide medical documentation of the disability, which specifies the need for accommodation.
- Request, if desired, the presence of a Union representative when developing the Individual Accommodation Plan.
- Participate in the annual review of the Individual Accommodation Plan.

Procedure

1. The employee will report any disability to their Manager(s).
2. An Individual Accommodation Plan will be developed in accordance with the documented restrictions/limitations of the employee
3. A copy of the Individual Accommodation Plan will be provided to each of the parties involved.
4. The Individual Accommodation Plan will be reviewed on an annual basis. However, a plan will be reviewed more frequently if:
 - a. There are changes in the accommodation needs of the employee;
 - b. The employee's core job responsibilities change;
 - c. Individual emergency response information needs to be updated because of a change to the employee's work location.

Each employee who requests or requires an accommodation for a disability will be considered individually and on a case-by-case basis when determining appropriate and reasonable accommodation measures. In order to ensure that requests are effectively dealt with, there may be some variation in the extent to which each step outlined in the procedure above is applied.

Should an accommodation request be denied, the employee will be provided with written documentation detailing the reasons for the denial. These reasons will also be provided in an alternate format upon request.
